

# HJM&PH

HAWAI'I JOURNAL OF MEDICINE & PUBLIC HEALTH

Volume 75, No. 12

December 2016 Issue

## HAPPY HOLIDAYS!

In the December 2016 edition of *HJM&PH*, we feature a paper discussing the identification of early-term elective deliveries; a study exploring the impact of helmet use on injury and the financial burden of motorcycle and moped crashes; and a study examining the association between obstetric obesity and neonatal hyperbilirubinemia in Polynesian women. In the *Medical School Hotline*, learn about the role of mini-medical schools in education. Finally, read about efforts to leverage Pacific Laboratories to boost global health security in this month's *Insights in Public Health* column.

Participate in HJM&PH's **2nd Annual Writing Contest!** Submit an entry for a chance to win \$500 and be published in a future issue. We invite students and professionals at public health, medical, nursing, pharmacy, and dental schools or programs. Submissions must be original works related to the practice of medicine or public health, with a focus on the Hawaiian Islands or Pacific Rim region. Undergraduates, masters- and doctoral-level students, post-doctoral fellows, and residents may apply. Deadline: 12/30/2016. ([click to learn more](#))

*About Us*

HJM&PH is a peer-reviewed, fully-indexed, online journal that is distributed to over 11,000 individuals throughout Hawai'i and the Pacific. The Journal is a joint effort between the Hawai'i Department of Health (DOH) and the University Clinical, Education, & Research Associates (UCERA) at the John A. Burns School of Medicine (JABSOM).
