HAWAII JOURNAL OF MEDICINE & PUBLIC HEALTH

Volume 76, No. 5

May 2017 Issue

In the May 2017 edition of *HJM&PH*, we feature a review on pediatric blunt renal trauma; a study on hearing and balance disorders in Hawai'i; and a study examining racial-ethnic disparities in postpartum hemorrhage among Native Hawaiians, Pacific Islanders, and Asians. In the *Medical School Hotline*, learn about the role that University of Hawai'i John A. Burns School of Medicine Medical Students play in helping to control tuberculosis in Micronesia. Finally, in the *Public Health Insights* column, learn about the exciting merger between the Office of Public Health Studies (OPHS), the Department of Social Work (DSW), and the Center on Aging (COA) at the University of Hawai'i at Manoa.
