

ACP Dragon's Lair Competition:

Breathing Fire into Health Care Transformation

Are you an innovator in healthcare? Do you have a project idea that improves patient outcomes, cuts unnecessary costs, or allows physicians to collaborate more effectively? If so, ACP wants to hear from you!

ACP Internal Medicine Meeting 2017, being held March 30-April 1 in San Diego, CA, will be hosting the second "Shark Tank"- themed competition in front of a live audience, showcasing the best and brightest ideas to transform health care and achieve the triple aim of better health, better care, and lower costs.

Project ideas should be focused on "Transforming Clinical Practice" in one of the following categories:

- Patients Before Paperwork
- High Value Care
- Finding Joy in Practice
- Improving Medical Education
- Meaningful Use of Technology

Preference will be given to project ideas for which the prize money will have a significant impact on the ability to implement the project.

Think you've got what it takes to survive the Dragon's Lair?
