Dear Idaho Chapter Members,

The New York Chapter of ACP has asked us to share the call-to-action attached. New York State has organized a surge physician workforce survey to collect information on physicians and other health care providers who may be available to come to NY to assist with the response to this crisis. Importantly, volunteers are welcome to NY from any state who are willing to come to help, and NY will provide transportation, housing and other support for these volunteers.

Contact information is included in the attachment.

NYACP COVID-19 resources are available here: https://www.nyacp.org/i4a/pages/index.cfm?pageid=3912

The New York State Department of Health Physician Volunteer form is here: https://coronavirus.health.ny.gov/get-involved-how-you-can-help

Thank you for your consideration.

Kelly Hess
Executive Director
Idaho Chapter aCP
