Let’s show our strength at the 2020 Physician Advocacy Day

The Indiana State Medical Association, in conjunction with Indiana’s medical specialty societies, is proud to host the 2020 Physician Advocacy Day in Indianapolis!

Please join your fellow physicians in wearing your white coat to the Indiana Statehouse to participate in a morning of advocacy. A strong presence at the Statehouse will communicate organized medicine’s strength to the General Assembly and create many opportunities to share our legislative agenda and priorities with legislators.
