

**Climate Change and the Growing Risk of Nuclear War: An Agenda for Change**  
**Saturday, September 23, 2017**  
**Hadley Farms Meeting House, Hadley, MA**

Dear Colleagues,

Please join us for a timely and urgent symposium on Saturday, September 23rd in Hadley, MA entitled 'Climate Change and the Growing Risk of Nuclear War: An Agenda for Change.' It features local and national activists and thinkers on both these existential issues, and how they intersect, including (but not limited to) a video message from Bill McKibben, Dr. Ira Helfand, Dr. Nitin Damle, Professor Michael Klare, Dr. Jennifer Leaning, and many more. We will address the perils we face, but also how we are to overcome them.

The location is at Hadley Farms Meeting House (41 Russell St., Hadley, MA) from 9am to 4pm, with breakfast and lunch served. Students attend free (and can register at <https://goo.gl/Gc1Fec>) - everyone else can register at <https://goo.gl/FevK1Z>. The registration is \$35, but no one will be turned away for lack of funds.

The official page for the event is at <http://www.psr.org/pvpsrsymposium/> and if you're on Facebook, you can keep up with the event at <https://www.facebook.com/events/273823929767309/>

Please join us for this critical conference. The stakes have never been higher, and the time for action is now.
