

## **YOUNGJEE CHOI, MD, FACP**

Dr. Youngjee Choi is an assistant professor of medicine at the Johns Hopkins University School of Medicine. She completed her undergraduate degrees in psychology and philosophy-neuroscience-psychology at Washington University in St. Louis. She received her medical degree, and completed internship and residency at Washington University School of Medicine. Dr. Choi served as a chief resident at Washington University School of Medicine before joining the Division of General Internal Medicine at Johns Hopkins as a clinician educator in 2015. Her academic and clinical interests include medical education, high value care, and improving the delivery of care for cancer survivors. She is currently the director of the Johns Hopkins Primary Care for Cancer Survivors program.

Dr. Choi has been a member of ACP since residency, and currently serves as a co-chair of the Maryland Chapter's Early Career Physicians Committee.
