

Dear Maine Chapter Member,

We are excited to announce the **First Annual Richard Engel, MD FACP Symposium for Primary Care**, a half-day program that is being sponsored jointly by the Maine Chapter of the American College of Physicians and the Maine Medical Center Department of Medicine on March 20, 2019, 8 am - noon at Maine Medical Center- Dana Center..

As many of you remember, Richard was a longstanding member of the Department of Medicine, was committed to medical education, to primary care and to the Maine Chapter of the ACP. For this inaugural event, we have an excellent program planned, including our keynote address by Dr. Hardeep Singh, Houston TX, a nationally recognized expert in the area of Diagnostic Reasoning, as well as talks by local experts including Peter Emery, MD, Renee Fay-LeBlanc, MD, Ken O'Rourke, MD, Robert Trowbridge, MD and Lisa Letourneau, MD.

Please mark your calendar and register for this outstanding program, to register [Click here](#).

Also note that in lieu of a registration fee, we are encouraging donations to the "Richard Engel, MD, FACP Tufts Maine Track Scholarship Fund", donation information may be found on the registration page.

Rebecca Hemphill, MD FACP  
Governor, Maine Chapter ACP
