

Hello Everyone -

First, let me introduce myself. I am Michael Kern, MD, FACP, an attending physician from St. John Hospital In Grosse Pointe. I am also one of 19 members of the ACP Academic Advisory Board and work with ACP National in promoting ACP.

Everyone listed on this e-mail is registered to attend the Internal Medicine 2018 meeting in New Orleans from the Michigan Chapter.

I want to use this platform to share useful information as you prepare for the meeting.

- Last year was my first National ACP meeting in San Diego. I was overwhelmed with all the events and sessions taking place during the meeting. Fortunately, I found the "Meetings App" to be extremely useful to help me navigate my sessions of interest. I found that planning ahead using the app helped me get the most use out of the day.

If you go into the App Store and type in ACP meetings, IM 2018, should be at the top of the list. Make sure you mark all the sessions of interest and take notes of conflicts in scheduling. Since many sessions overlap, you don't have to miss any sessions because you can purchase the content for use later. We did this at St. John and used the content to develop lectures for the residents, making this a win-win.

The app will also keep track of which sessions you attended and will make it easier to submit for CME credits after the meeting.

- Dr. Martha Gray, the Chapter's new Governor following the IM meeting, would like to invite any of our MI Chapter members to offer ideas for changes and improvements for a new Resolution Committee. The ideas from members will channel through the resolutions process to the Board of Governors of ACP. Resolutions submitted by Chapters are reviewed twice a year. Any ideas can be sent to Thea Lockard, tlockard@acpmichigan.org.

- I wanted to also take the time to remind you of the Michigan Chapter Reception that will also be held in NOLA. The Chapter Reception information and invitation is attached.

Sincerely,
Michael Kern, MD, FACP
Core Faculty, General Medicine
St. John Hospital & Medical Center
