Medical Student Program

The Michigan Chapter of the American College of Physicians in collaboration with the Michigan Chapter American Society of Hospital Medicine invites you to the second annual Medical Student Day Meeting.

We encourage all medical students to plan on spending the entire day with us beginning with Resident Day activities. Please come early stay for lunch and hear from our Keynote Speaker. You will see the fun and fierce Doctors Dilemma™ Competition among the 20 internal residency programs in the state. A full medical student program will follow.

This meeting will allow medical students to present their own abstract posters and the opportunity to interact with residents, program directors, assistant program directors and chief medicine residents.

We will also have the second annual Medical Student Doctor's Dilemma Competition!

Plan now to register for all of Residents Day and the Medical Student Day Program!
