Fostering Excellence in Internal Medicine

This live activity has been designated for 15.5 CME credits.

Meeting Highlights

- Perioperative Update
- Evaluation and Management of Resistant Hypertension
- Infectious Disease Cases
- Workshops on Steroid Injections, Thoracentesis, and Paracentesis
- Critical Care Presentation
- Meet Montana's First Internal Medicine Residents

Dear Colleague,

I invite you to join me and your colleagues in internal medicine at the next scientific meeting of the Montana Chapter of the American College of Physicians, being held September 24–26, 2015, at the Billings Clinic Conference Center.

This meeting is not just for ACP members. I particularly want to invite nonmembers to join us for this important clinical update and to learn about the benefits of membership at the same time.

In addition to earning 15.5 CME credits, by attending this meeting you will:

- Gain insight into recent medical advances.
- Discuss local and national issues affecting the practice and teaching of internal medicine.
- Greet old friends, meet new friends, and develop a network of colleagues in your area.

Between scientific sessions, please visit the College table. You will find information on new ACP programs, products, and services. There's always something new at the College table—stop by and see for yourself.

To ensure your place at this invaluable meeting, complete the registration form at the back of this brochure and send it in today. The opportunities available at this meeting will help you meet not only your needs as a physician, but also the needs of the patients you serve.

I look forward to seeing you in Billings.

Sincerely,

Jay L. Larson
ACP Governor, Montana Chapter
