RSVP to Kris Rahm at krisrahm@me.com

Directions to dock: Our adventure begins at 105 N. Union Street, Alexandria, VA. This is the address of a building called The Torpedo Factory (which is a working artists’ building). This building sits in front of the dock, so you cannot see the boats or the dock from the road (Union Street). You basically need to walk toward the back of the building on either side, and you will then come out in the dock area.
