

TN ACP 2020 Virtual Annual Meeting

Dates: Friday, October 23 and Saturday, October 24

Where: Zoom Meeting (no registration will be needed. We will send out the Zoom link closer to the actual meeting.)

We recognize that 2020 has been a hard year for many. With that in mind, we wanted to show support to our membership by waiving the registration fee for the meeting this year. We will still be providing the same CMEs and general meeting MOCs as the in-person meeting. Please see the agenda below.

We will record* the meeting so that you can watch at your convenience. However, we do encourage you to attend live and take advantage of the Q&A opportunity with the speakers at the end of their sessions.

Also, mark your calendar for the upcoming MOC SEP modules, November 7. More information, and registration, coming soon.

*Please note there is always a possibility for technical difficulty, which may prevent us from recording the meeting. For that reason, we again want to encourage you to attend live, if possible.

In order to make the Physician Burnout/Wellness Session best serve you, do not forget to take the [Physician Wellness survey](#), it only takes a couple of minutes.

PHYSICIAN WELLNESS SURVEY | <https://forms.gle/6c6xGXtKGTfqnSwm7>

Friday, October 23, 2020
