

# UTAH CHAPTER ACP AWARDS & RECOGNITION

## 2020 CHAPTER AWARDS

The 2020 awards ceremony will honor five Utah Chapter members: **Scott Stevens, MD MACP** is being recognized for his extraordinary service in medicine with advancement to ACP Mastership; **Susan Terry, MD** is being presented with the Laureate Award for her commitment to excellence in medical care and in service to the community; **Matt Mulligan, MD** is being presented with the Chapter Advocacy Award in appreciation for his service in health care and public policy, **Catey Harwell, MD [R]** and **Jessica Hansen [MS]** are being recognized for their demonstrated commitment to excellence in medical care, their chapter, and the ACP.

### Mastership in the American College of Physicians

ACP Masters have been awarded this extreme honor after being nominated by their peers and then vetted through the Awards Committee for selection due to the excellence and significance of their contributions to medicine as well as their involvement in ACP. Masters are nominated for their personal character, positions of honor, contributions toward furthering the purposes of the ACP, eminence in practice or in medical research, or other attainments in science or in the art of medicine. A limited number of Masters are awarded each year.

### About Scott Stevens, MD, MACP

Scott M. Stevens, M.D., M.A.C.P., F.C.C.P. is Senior Medical Director for the Medical Specialties Clinical Program at Intermountain Healthcare. The clinical program serves as an organizational home for nine medical specialties that works to identify, define and implement best care practices across the entire Intermountain system with the goal of achieving the best possible outcomes for patients at the lowest appropriate cost. Dr. Stevens is also active as a clinician and researcher. He founded and is Co-Director of the Thrombosis Clinic at Intermountain Medical Center. This service was established in 2004 and is one of the few clinical services in the state of Utah dedicated to the management of patients with Venous Thrombosis. Dr. Stevens and the Thrombosis Clinic team provide evaluation and management of complex thrombosis cases in both the outpatient and inpatient settings. He also co-directs the Thrombosis Research Group at Intermountain Medical Center in which role he has served as principle investigator for numerous clinical trials and has more than 140 publications in the field of thrombosis and anticoagulation. Dr. Stevens has served on the steering committees for the National Institutes of Health-sponsored COAG and GIFT Trials, and the Canadian Institutes of Health Research's DODS clinical trials. He has served as a reviewer for the National Heart Lung and Blood Institute and the National Institute of Neurological Disorders and Stroke.

Dr. Stevens has worked to develop several national and international practice guidelines. He served as the lead author for the guidance for the evaluation and treatment of hereditary and acquired thrombophilia section of the 2016 *Clinical Guidance from the Anticoagulation Forum*. He also served as a panelist for the

*Antithrombotic Therapy and Prevention of Thrombosis, 9th edition: American College of Chest Physicians Evidence-Based Clinical Practice Guidelines; the 2016 Antithrombotic Therapy for VTE Disease: CHEST Guideline and Expert Panel Report* and presently serves as the panel co-Chair for the forthcoming update from CHEST.

---

## Laureate Award

The Laureate Award honors Fellows and Masters of the College who have demonstrated by their example and conduct an abiding commitment to excellence in medical care, education, or research and in service to their community, their Chapter, and the American College of Physicians.

## About Susan Terry, MD

Dr. Susan Terry is a board certified internist who practiced primary care Internal Medicine in Florida for 10 years prior to moving to Utah and then became the Executive Medical Director of the University of Utah Health Community Physician Group overseeing 10 Community Clinic sites, with oversight of all primary care providers and numerous moonlighters. In her role at CPG she also directed the medical staff office, the quality department, master scheduling, and provider compensation. She served as chair of the Clinical Implementation Management Office, responsible for installing the EPIC EMR in the 86 specialty clinics on campus.

She was a loyal and engaged member of the Utah Chapter of ACP during her tenure in Utah, and a regular presence at every Annual ACP meeting. She served on our governor's advisory council for several years, most recently as chair of our membership committee. Dr. Terry retired from University of Utah Health after 21 years of service and moved back to Florida, where she plans to get involved with the Florida chapter of ACP to continue her service.

---

## Chapter Advocacy Award

The Chapter Advocacy award recognizes service in and commitment to in health care and public policy advocacy and in working in the political arena at the local, state, and national levels in support of health care issues. It reflects the time commitment to legislative committees, serving as a key contact physician, working with local and state agencies with reimbursement policy issues, coding, updates, and many other issues that affect the physicians of the state.

## About Matt Mulligan, MD

Matt Mulligan is a primary care physician at the University of Utah Sugar House Clinic and Assistant Professor within the Division of General Internal Medicine. Matt received a Bachelor of Arts from Johns Hopkins University and completed his Doctor of Medicine degree at the University of Maryland School of Medicine. He moved from Baltimore to Salt Lake to complete his Internal Medicine Residency at the University of Utah. Matt has an interest in health policy and advocacy, and currently serves as the chair of the Health and Public Policy Committee of Utah's Chapter of American College of Physician. He completed a health policy internship with the American College of Physicians in Washington, DC, and has attended several ACP Leadership Days to advocate ACP's policy issues. He is a member of the Utah Medical Association, and has served as an ACP delegate at the House of Delegates. He is interested in developing a better, more cost effective healthcare system for our patients and those providing care.

Outside of medicine you can find him shredding on the ski slopes in the Greatest Snow on Earth, running through Salt Lake City, or brewing beer, cider, and mead in his backyard.

## Resident/Fellow and Medical Student Awards

This award is designed to recognize the work of Resident/Fellow and Medical Student members who demonstrate a commitment to excellence in medical care, their chapter, and the ACP.

### About Catey Harwell, MD

Catey Harwell is a third year Internal Medicine resident at the University of Utah. She was born in Houston, Texas, but later moved to Louisville, Kentucky. In 2007, she moved to Boston to attend MIT where she majored in Chemical Engineering and rowed on the lightweight women's crew team. After working for a biotech startup company for a few years in Boston, the drive to interact with patients and help them in a tangible way, led her to pursue a career as a physician. In 2017, she graduated from University of Louisville School of Medicine. There, she became involved in the Organization of Student Representatives (OSR) and had the opportunity to serve as the OSR Liaison to the AAMC Student Surveys Advisory Committee. Catey is looking forward to being a Chief Medical Resident next year and pursuing a career as a hospitalist. Outside of medicine, Catey enjoys running, mountain biking, and cooking for friends and family.

### About Jessica Hansen

Jessica grew up in Boise, Idaho and studied Biology at the College of Idaho. Before starting medical school at the University of Utah she worked as a medical scribe in Internal Medicine and Endocrinology outpatient clinics, which later informed her decision to specialize in Internal Medicine. During medical school she ran the Medical Student Homeless Outreach Clinic and helped start an Addiction Medicine student interest group. When she is not at the hospital she enjoys hiking, listening to podcasts and throwing dinner parties with friends.

## WELCOME NEW FELLOWS

Aaron Silver, Adam Kraft, Michelle Regruto, Nitin Chandramouli, Brian Zimmerman, Monique Mahlum

Fellowship in the College is an honor. Being an FACP® is a distinction earned from colleagues who recognize your accomplishments and achievements over and above the practice of medicine. The most important considerations for ACP Fellowship are excellence and contributions made to both medicine and to the broader community in which the internist lives and practices.

Interested in ACP Fellowship? Ask us about your options.
