Did you know?

Did you know that only 617 of the 3545 members of the Virginia Chapter of ACP are Early Career Physicians? That is less than a 17% representation!

In order for our voices to be heard on a local, state and national level and to continue to grow our Chapter, we need more Early Career Physicians.

If you are less than 16 years from medical school graduation, would you be interested in being part of the Early Career Physician Committee? Please respond to this email if you are interested in becoming more involved.
