Practicing internal medicine at Mayo Clinic and Mayo Clinic Health System provides a rewarding career that promotes excellence in patient-centered care. You can thrive in an environment that supports innovation and has a wealth of resources available to you—including an integrated EMR and collaboration with top specialists—to give your patients the quality of care you want to achieve.

You are invited to partner with the nation’s best hospital (U.S. News & World Report, 2019-2020), ranked No. 1 in more specialties than any other care provider. Our multi-disciplinary group practice focuses on providing high quality, compassionate medical care. When you join the largest integrated, not-for-profit medical group practice in the world, you’ll work alongside approximately 3,800 physicians and scientists across all locations in a unique environment that brings together the best in patient care, groundbreaking research and innovative medical education. Mayo Clinic Health System connects Mayo Clinic’s respected expertise with community-focused multi-specialty groups in 75 communities. We offer a highly competitive compensation package, which includes exceptional benefits.

OPPORTUNITY
U.S. ARMY PHYSICIANS – U.S. Army Medical Recruiting Station in Milwaukee

Job Posting Spec: U.S. Army Physicians who are a part of the internal medicine group provide diagnosis and treatment for localized ailments and diseases. Whether your specialty is cardiology or pediatrics, you’ll find that the professionals working with you on the U.S. Army or U.S. Army Reserve health care team are at the top of their fields.

Job Duties
• Examine, diagnose and treat or recommend courses of management for adults with medical illness
• Conduct and supervise direct patient care, and plan and execute disease prevention and health promotion programs
• Exercise command of medical units as provided by law and regulation
• Perform special staff functions in health support for commanders at all levels
• Conduct medical research on diseases of military importance, and conduct, supervise and participate in graduate Medical education and training of other medical personnel needed to sustain a robust and readily available medical system

Company Website: https://recruiting.army.mil/mrb

Company Description: The U.S. Army Medical Recruiting Station in Milwaukee’s mission is to recruit the most specialized and elite forces for the United States Army. Our focus is to provide the strength in these critical skills and provide the American public the confidence that we, as an Army team, will provide the health and wellness to accomplish any mission.
