Dear Residency Program and Medical School Contacts,

It is my pleasure to request from the Internal Medicine Residents and Medical Students in Wisconsin, submissions for the poster and vignette presentations at the forthcoming in-person meeting of the Wisconsin Chapter of the American College of Physicians (ACP).

The ACP Wisconsin Chapter Annual Meeting is scheduled for September 10-11, 2021. It will be held at the Wilderness Resort, Wisconsin Dells, Wisconsin. The vignette presentations are scheduled to occur on Friday afternoon, the 10th, and the poster display will occur on Friday evening. Abstracts for these posters and vignettes will be due on June 30, 2021.

**Vignettes:** All vignette presentations must be in PowerPoint format.
- Each residency program can submit 1 (one) research vignette and 2 (two) case-based vignettes to be formally presented.
- Each medical school can submit 1 (one vignette) from students (this can either be research or case-based).

The vignette presentation will consist of an oral presentation of an interesting clinical case or research. The presenter will be allowed 7 (seven) minutes for presentation and discussion of a case (this time is strict, and the presenter’s presentation will have to stop when 7 (seven) minutes are up). An additional 3 (three) minutes will be allowed for questions. The PowerPoint presentation will not be available for use during the question period while the AV person is switching presentations, so questions will be expected to be answered from memory. The presentation should be brought to the meeting on a jump drive for use.

Vignettes will be judged by a panel of judges. One winner each, from both the Resident/Fellow Member research vignette and case vignette competitions will be awarded a trip to the Internal Medicine Meeting 2022. If the person who wins is unable to go, the Resident/Fellow Member in second place will go in his or her stead. This person will receive reimbursement for travel expenses up to $1000 for attending the meeting from the chapter.

The winning vignette presentations will need to be converted into a poster presentation prior to the Internal Medicine Meeting 2022. The winner of the Internal Medicine Meeting 2022 competition is eligible for a $1,000.00 prize from the National ACP.

**Displayed Posters:** Each program may submit as many posters as they wish.

**IMPORTANT:** We can only accept 2 posters per first author. However, an author can be second or third author on unlimited number of posters.

- All posters must be no larger than 3 ft X 3 ft 10 inches in size (Posters larger than this will not be accepted).
- The display-only posters will not be officially presented, but the authors should be prepared to give a short presentation and answer questions about their posters to those viewing the posters.
- We will be judging the displayed posters and offering prizes to first, second and third place.
- Posters should be hung up by 3 pm on Friday the 10th.
