

ACP's Priorities for FY 2020-21

ACP's Board of Regents directed staff to emphasize three broad themes in the College's work during FY 2020-21. Considering ACP's mission and the current environment, staff will implement strategies to achieve the four goals noted under the themes.

VALUED PROFESSIONAL IDENTITY

Shared enthusiasm and pride about being an internist and ACP member, and about the value internal medicine specialists and subspecialists bring to healthcare

- Goal 1: Increase the number and engagement of ACP members who have completed their training

DIVERSITY, INCLUSION & ENGAGEMENT

Supporting inclusion in healthcare, welcoming and hearing all voices, and actively engaging diverse members in local, national and global College activities across their career

- Goal 2: Be an anti-racist organization

INNOVATION

Nimble, creative and unique approaches to identifying member needs and developing new programs, products and services

- Goal 3: Drive systemic change in health care to support physicians in providing the best possible patient care
- Goal 4: Adapt ACP's culture and operations to a COVID/post-COVID environment
