

Need Health Insurance Coverage?

Learn about New Opportunities to Enroll in Comprehensive, Affordable Health Coverage

The COVID-19 pandemic has highlighted the importance of having high-quality health insurance, but coverage is expensive for many people. A new law will make health insurance premiums and out-of-pocket costs more affordable.

If you need coverage or are already enrolled in a health insurance plan through the Health Insurance Marketplace, you may be eligible for new subsidies that will lower the cost of your coverage in 2022. You could be eligible for big savings: **80% of enrollees will be able to purchase a plan for \$10 or less per month** and more than half will be able to enroll in a Silver plan for \$10 or less per month. For the first time, middle-income individuals and families will be eligible for temporary premium subsidies.

You can sign up for a plan during the open enrollment period that runs **November 1, 2021 to January 15, 2022**. There are also opportunities to enroll outside of the open enrollment period, such as when you have a baby or get married. **Visit [healthcare.gov](https://www.healthcare.gov) or call 1-800-318-2596 for more information.**
