

ACP State Health Policy Resources

ACP has state health policy resources available to help our chapters/members engage in advocacy issues impacting them and their patients at the state and local level.

The State Health Policy webpage has informational issue briefs and action items on ACP's key policy issues.

The page also contains a multitude of diverse issues for our chapters/members to engage in, all presented in a user-friendly format.

The screenshot shows a web browser displaying the ACP State Health Policy page. The browser's address bar shows the URL acponline.org/advocacy/state-health-policy. The page features the ACP logo (American College of Physicians) and a navigation menu with categories: MEMBERSHIP, CME & MOC, MEETINGS & COURSES, CLINICAL INFORMATION, PRACTICE RESOURCES, ADVOCACY (highlighted), and STORE. The main content area is titled "State Health Policy" and includes a sub-header "Advocacy" with a breadcrumb trail: HOME > ADVOCACY > STATE HEALTH POLICY. The page lists several resources: "Where We Stand", "ACP Advocate Newsletter", "Advocates for Internal Medicine Network", "State Health Policy" (with sub-links for "ACA Enrollment" and "Education & Events"), "Advocacy in Action", "Current Public Policy Papers", and "ACP Policies & Recommendations". A section titled "Health Coverage" contains two items: "ACTION Stabilizing Health Insurance Markets" and "INFO Developments with the Affordable Care Act (ACA)". A cookie consent banner is visible at the bottom of the page, and the Windows taskbar at the bottom shows the time as 4:45 PM on 1/28/2020.
