Outpatient Primary Care Opportunity

Acton Medical Associates, PC, a primary care group located northwest of Boston, is looking for primary care physicians to join our group of 17 internists, 10 pediatricians and 10 nurse practitioners.

As part of Acton Medical Associates, you'll benefit from:

- **Collegiality and team support**
  - Practice with others who have developed their skills and experience ranging from 2 to 35 years

- **Competitive salary/benefits**
  - Guaranteed salary
  - Robust benefits package

- **Career advancement**
  - Stockholder consideration after 2 years employment

- **Opportunity to practice high quality patient care**
  - NCQA recognized medical home practice – Level III

- **Work/life balance**
  - Inpatients managed by hospitalists
  - Evening calls are triaged by nursing service

- **Shared call**
  - With 16 other internists

Community-based location, yet metro areas are close by.

Acton Medical Associates is located just 25 miles northwest of Boston in the thriving community of Acton. Although Acton’s population has almost tripled in the last three decades, the town has retained much of its rural New England character, as evidenced by the traditional town center and green, historic architecture, stone walls and tree-lined country roads. Commerce continues to thrive and grow in Acton due in large part to its prime location along Routes 2, 27 and 111, the commuter train stop, and its proximity to Route 495. Acton public schools are among the top 10 in Massachusetts and have won numerous awards.

The Division of Hospital Medicine (DHM) at the University of Michigan, invites individuals interested in an academic career in Hospital Medicine to apply for the Michigan Hospital Medicine Fellowship Program.

Nested within the National Clinician Scholars Program (NCSP) at the University of Michigan, HM fellows will receive unparalleled training to conduct policy-relevant research and develop partnerships that aim to improve the health and healthcare of hospitalized patients. HM fellows will participate in a robust, interprofessional core curriculum where they will acquire and hone a diverse set of skills in qualitative and quantitative clinical research methods, organizational and social change, patient safety, prevention of hospital-acquired conditions and complications, team management, communication, implementation science, and policy development and analysis. The program is spread over 2-years and is highly inter-professional and multidisciplinary. HM Fellows will share their training with colleagues from multiple medical and nursing specialties so as to enhance each other’s career trajectories and build a network of health professionals to lead change in the nation. Dedicated mentoring and support from a bench of experienced and successful Hospitalist investigators will be provided for all scholars.

Interested parties should send a 1-page cover letter outlining their background, training, motivation and career goals; and a curriculum vitae to:

Vineet Chopra MD, MSc
Chief, Division of Hospital Medicine
vineetc@umich.edu

Hepatitis B: A Vital Sign for Asian Americans

1 in 12 Asians and Pacific Islanders is living with chronic hepatitis B. Most became infected at birth or early childhood.

2 of 3 are unaware of their infection because they have not yet been tested. Most have no symptoms and even their liver enzymes could be normal.

1 in 4 will die from liver cancer or liver disease without long term medical care.

Annals of Internal Medicine®

The University of Rochester School of Medicine and Dentistry (SMD) seeks an outstanding nationally recognized academic leader with a substantial record of research, teaching, clinical excellence, and administrative accomplishments in the field to serve as the next Charles A. Dewey Professor and Chair, Department of Medicine. This is a unique opportunity at one of the most respected healthcare institutions in the U.S. and a Department with a longstanding reputation for excellence.

The Department of Medicine’s nearly 500 faculty supported by over 1,000 staff provide a wide array of breakthrough research, integrated clinical programs, and nationally recognized training programs. The Chair must be innovative, collaborative, possess strong interpersonal skills focused to guide the Department to the next level through the advancement of the key mission areas while continuing to meet and exceed national standards of excellence.

This leader will have the demonstrated ability to inspire, manage, recruit and mentor faculty, learners, and staff. This position requires a thorough understanding of the healthcare environment, both regionally and nationally, a vision for the growth of clinical services, and a dedication to developing the next generation of physicians. Candidates must be physicians, certified by the American Board of Internal Medicine who qualify for appointment as Professor in the SMD.

For confidential nominations or expressions of interest, please contact Linda Komnick or Beth Frye, M.D. through the office of Vinny Gossain at RochesterCOM@wittkieffer.com.

The University of Rochester School of Medicine and Dentistry values diversity and is committed to equal opportunity for all persons regardless of age, color, disability, ethnicity, marital status, national origin, race, religion, sex, sexual orientation, veteran status or any other status protected by law.
