This educational activity has been designated for 22.5 CME credits.
Meeting Highlights

- Three SEP Modules
- Doctor’s Dilemma™
- Thieves’ Market
- Professors-In-Action
- Resident and Medical Student Abstract Competitions
- Michigan Awards Reception

Dear Colleague,

Join me and your colleagues in internal medicine at the next scientific meeting of the Michigan Chapter of the American College of Physicians, being held September 29–October 2, 2016, at the Grand Traverse Resort.

This is a place for you to recharge, rewind, reflect, and reconnect with your peers, chapter leaders, and great speakers. Make your connection to the Michigan Chapter’s rich source of knowledge content and networking by attending our premier meeting for general internists, subspecialty internists, hospitalists, allied health practitioners, residents and medical students.

In addition to earning CME credits, this conference is about making personal connections and getting involved in your chapter. You’ll engage with people who know your challenges and can help you find solutions. The opportunities available at this meeting will help you meet not only your needs as a physician but also the needs of the patients you serve.

On a final note we are excited to welcome the Society of Hospital Medicine and Peter Watson, MD, FACP, SFHM, the current President of their Michigan Chapter to collaborate with us at this meeting. We look forward to working with them in making this meeting relevant to hospitalists among the internal medicine community.

To ensure your place at this invaluable meeting, register now by visiting us online at www.acpmichigan.org/.

I look forward to seeing you in Traverse City.

Sincerely,

Louis Saravolatz, MD, MACP
ACP Governor, Michigan Chapter
