Delaware Chapter Scientific Meeting

2018

February 10, 2018
John H. Ammon Medical Education Center
Christiana Care Hospital Campus
Newark, DE

Register Online Today!

Fostering Excellence in Internal Medicine
This live activity has been designated for 5.75 CME credits.
Dear Colleague,

Join me and your colleagues in internal medicine at the next scientific meeting of the Delaware Chapter of the American College of Physicians, being held February 10, 2018, at the John H. Ammon Medical Education Center on the Christiana Care Hospital campus in Newark.

The meeting is a great way for you to recharge, rewind, and reflect with your peers, chapter leaders, and great speakers. Connect with the Delaware chapter’s rich source of knowledge content and networking by attending our premier meeting for general internists, subspecialty internists, hospitalists, allied health practitioners, residents, and medical students.

In addition to earning CME credit and MOC points, this conference is about making personal contacts and getting involved in your chapter. You’ll engage with people who know your challenges and can help you find solutions. The opportunities available at this meeting will help you meet not only your needs as a physician, but also the needs of the patients you serve.

To ensure your place at this invaluable meeting, register now by visiting us online at www.acponline.org/about-acp/chapters-regions/united-states/delaware-chapter/news-meetings.

I look forward to seeing you in Newark!

Sincerely,

Tabassum Salam, MD, FACP
ACP Governor, Delaware Chapter

Early Career Physicians’ Activities

Calling all early career physicians (16 years or less out of medical school)! Please join us for a special lunchtime interaction with Dr. Micah Beachy, Chair of the ACP Council for Early Career Physicians, during the ACP DE Chapter Scientific Meeting. Dr. Beachy is a renowned faculty member at University of Nebraska Medical Center and serves an integral role in the ACP, advocating for early career physicians and the benefits that ACP can provide to those individuals who are within the first 16 years of entering medical school. The Council of Early Career Physicians focuses on connecting young physicians with skills in leadership development; early practice building; continuing medical education; and local, regional, and national advocacy. Join Dr. Beachy for a wonderful conversation on how ACP can help you become the best physician as you journey through the first few years of practice.

Learning Objectives

At the conclusion of this activity, the participant will be able to:

• Apply updated knowledge of COPD and congestive heart failure to clinical practice.

• Improve clinical practice by incorporating major new developments in management of hepatitis C.

• Understand recent advances in managing the post-bariatric surgery patient.

• Take care of him/herself with mindful meditation.

CME Accreditation and MOC Points

The American College of Physicians is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The American College of Physicians designates this live activity for a maximum of 5.75 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 5.75 MOC points in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.
Satisfaction Guarantee

The College offers a satisfaction guarantee for all of its courses. If meeting attendees are not satisfied with their experience at a chapter meeting, they may write and request a refund of their registration fee.

Late Registration & Onsite Fees

All registrations must be received by February 5 or a late registration fee of $20 will be added. This includes on-site registrations. Save money by registering now!
