The Art of Being an Internist
This live activity has been designated for 6.25 CME credits and 6.25 MOC points.
Dear Colleague,

Join me and your colleagues in internal medicine at the next scientific meeting of the ACP Hawai‘i Chapter of the American College of Physicians, being held Saturday, February 23, 2019, at the Pomaikai Ballroom at Dole Cannery.

The meeting is a great way for you to recharge, rewind, and reflect with your peers, chapter leaders, and great speakers. Connect with the ACP Hawai‘i Chapter’s rich source of knowledge content and networking by attending our premier meeting for general internists, subspecialty internists, hospitalists, allied health practitioners, residents, and medical students.

In addition to earning CME credits, this conference is about making personal contacts and getting involved in your chapter. You’ll engage with people who know your challenges and can help you find solutions. The opportunities available at this meeting will help you meet not only your needs as a physician, but also the needs of the patients you serve.

To ensure your place at this invaluable meeting, register now by visiting us online at hichapter.acponline.org.

I look forward to seeing you in Honolulu.

Sincerely,

Lisa Camara, MD
ACP Governor, Hawai‘i Chapter

Meeting Information

Resident/Fellow Member and Medical Students’ Activities
Clinical vignettes, posters, and research papers prepared by Resident/Fellow Members and Medical Students will be presented at the meeting. Winners will receive monetary prizes and be eligible for entrance into the national competition held during Internal Medicine 2018. Contact Helen Victor at hvictoracp@gmail.com for information about entering the Resident/Fellow Members’ Competition. Deadline for submissions is December 10, 2018, 11:59 HST.
A special morning breakout session geared towards Medical Students will take place.

Learning Objectives
At the conclusion of this activity, the participant will be able to:
- Apply updated knowledge of internal medicine to clinical practice.
- Apply updated knowledge of cardiology, critical care, hematology/oncology, and infectious disease to clinical practice.
- Improve clinical practice by incorporating major new developments in subspecialty medicine.
- Improve clinical practice by incorporating major new developments in cardiology, critical care, hematology/oncology and infectious disease.
- Understand recent advances in internal medicine.
- Understand recent advances in cardiology, critical care, hematology/oncology and infectious disease.
- Diagnose and manage in infectious disease.
- Increase confidence in performing clinical skills.
- Increase confidence in performing in bedside clinical examinations.
- Increase confidence in medical computing.
- Understand political advocacy and reform.

Who should attend?
- General internists
- Subspecialty internists
- Family practitioners
- Fellows in subspecialty training
- Hospitalists
- Allied health practitioners
- Residents
- Medical students interested in internal medicine

CME Accreditation and MOC Points
The American College of Physicians is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The American College of Physicians designates this live activity for a maximum of 6.25 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 6.25 medical knowledge MOC points in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credit claimed for the activity. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.
Questions?
If you have questions about the chapter, the meeting program, or have a disability or any special dietary needs, please contact Helen Victor by telephone at 808-223-9433 or e-mail to hvictoracp@gmail.com.
