Meeting Highlights

- Keynote Presentation by Jim Withers, MD, FACP
- Med Talks
- Doctor's Dilemma State Finals
- Feature Presentation by ACP Chief Executive Officer, Executive Vice President Darilyn Moyer MD, FACP

Dear Colleague,

Join your colleagues in internal medicine at our Annual Scientific and Educational Meeting of the Pennsylvania Chapter of the American College of Physicians, being held Saturday, December 1, 2018, at the Best Western Premier Central Hotel and Conference Center, 800 East Park Drive, Harrisburg.

The content of the annual PA-ACP meeting has been created to deliver a maximal amount of useful content in a short period of time. We will offer latest updates in key clinical areas, insights into current challenges in medical practice, and solutions being developed by our colleagues here in Pennsylvania.

Our House of Internal Medicine is large and our PA-ACP State Meeting will have broad relevance. We are richer when we share insights among ambulatory and hospital based internal medicine specialists, subspecialists, private practitioners and employed physicians, residents/fellows, and medical students. We are confident that the topics will engender discussion across all groups, and you will have excellent opportunity to gain new insights and to share your ideas with your colleagues.

We also hope that many of you will stay for the annual PA-ACP Awards Dinner that evening. The dinner serves as another opportunity to relax with colleagues and to be inspired by the stories of several internists being recognized for exceptional commitment to the practice of medicine.

We look forward to seeing you.

Sincerely,

David L. George, MD, FACP - PA-ACP President - Eastern Region Governor
Lawrence D. Ward, MD, MPH, FACP - Southeastern Region Governor
Thomas C. Grau, MD, FACP - Western Region Governor
Schedule at a Glance

Fostering Excellence in Internal Medicine

Saturday, December 1, 2018

9:00 am - 10:45 am
PA-ACP Council Meeting

10:00 am
Registration is Open

Annual Meeting
10:45 am - 11:00 am
Welcome from Governors

11:00 am - 12:15 pm
Doctor's Dilemma State Finals
Chair Jennifer G. McComb, MD, FACP

12:15 pm - 12:45 pm
Networking Lunch

1:00 pm - 2:00 pm
Concurrent 30 Minute Med Talks

Session 1
Gregory Kane, MD, MACP
Social Determinants of Healthcare

Geoff Teehan, MD
Hypertension

Session 2
Mary Korytkowski, MD
New Treatment Options for Diabetes

Michael Lynch, MD
Basics of Toxicology

2:00 pm - 2:15 pm
Break

2:15 pm - 3:00 pm
Concurrent Sessions

Session 1
Daniel Frisch, MD
Overview of the Management of Atrial Fibrillation

Session 2
Early Career Physician e-Poster Competition
Coordinator: Erin Kelly, MD

3:00 pm - 3:55 pm
Keynote Presentation
Jim Withers, MD, FACP
"Do We Go to the People?" - 25 Years Experience in Street Medicine

4:15 pm - 5:00 pm
Med Talks
Christopher Jones, MD, MBA, HMDC, FAAHPM
Opioid Management

Melissa McNeil, MD, MACP
Enhancing Clinical Reasoning Skills

5:00 pm - 6:00 pm
Feature Presentation
ACP Chief Executive Officer, Executive Vice President
Darilyn Moyer, MD, FACP
Health is More Than Healthcare - reviewing trends in healthcare delivery and financing in the U.S.

Awards Dinner
6:00 pm - 7:00 pm
Cocktail Reception

7:00 pm
Dinner

7:30 pm
Welcome/President's Remarks

7:45 pm
Presentation of 2018 PA-ACP Awards

9:00 pm
Adjourn
Daniel Frisch, MD, graduated NYU Medical School in 2000 and completed his Residency and Fellowship at Beth Israel Deaconess Medical Center, Boston, MA in 2007. He started as Assistant Professor of Medicine at Thomas Jefferson in 2007 and advanced in 2015 to Associate Professor of Medicine, where he directs the Atrial Fibrillation program.

Christopher Jones, MD, MBA, HMDC, FAAHPM, completed his undergraduate degree at the University of Scranton and his medical degree at Jefferson Medical College. His residency in General Internal Medicine was done at Brown University and he completed fellowships in both Geriatric Medicine and Hospice and Palliative Medicine at Duke University. Dr. Jones remained on faculty at Duke as a palliative care physician and was named the Director of Clinical Quality for Duke Palliative Care. After returning to Pennsylvania to help build the pain and palliative care consult service at Lankenau Medical Center within Main Line Health, Dr. Jones returned to academic medicine and is now the co-director of the Inpatient Palliative Care Consult Service at the Hospital of the University of Pennsylvania.
Gregory Kane, MD, MACP, is the Jane and Leonard Korman Professor and Chair of the Department of Medicine, a position he has held since 2011. For fourteen years he served as Program Director of the Internal Medicine Residency at Sidney Kimmel Medical College and he served as Interim Division Director of Pulmonary/Critical Care from 2008 through 2010.

A national leader in the fields of Pulmonary Medicine, Critical Care, and Medical Education, Dr. Kane has been active with the American Board of Internal Medicine (ABIM) on the Critical Care Test and Policy Committee (1996-2006), and the ABIM Hospitalist Medicine Test Committee helping develop the very first examination for recertification in Hospital Medicine. He was elected to a three-year term on the Council of the Association of Program Directors in Internal Medicine (APDIM) in 2006 and served as Association’s President in 2013. He has also served as Treasurer of the Alliance for Academic Internal Medicine; the leading organization of academic physicians nationally representing Chairs of Medicine, Program Directors, Clerkship Directors, Sub-specialty Professors, and Administrators within Departments of Medicine. Dr. Kane is a former Governor of the American College of Physicians, representing Pennsylvania. Dr. Kane has authored more than 80 original articles which have appeared in Academic Medicine, Annals of Internal Medicine, American Journal of Respiratory and Critical Care Medicine, Chest, and the American Journal of Medicine. His published work spans a broad diversity of clinical and medical education topics including physician workforce, and graduate medical education policy.

Mary Korytkowski, MD, is a professor of medicine in the Division of Endocrinology at the University of Pittsburgh School of Medicine. She has been actively engaged in the care of patients with diabetes for over 30 years. Dr. Korytkowski has over 100 publications relating to her areas of research interests and quality improvement initiatives that include contributors to insulin resistance in individuals with or at risk for type 2 diabetes; interventions that promote glycemic and metabolic control in these groups; and inpatient glycemic management. She serves on the editorial board for the Journal of Clinical Endocrinology and Metabolism and as member of the Endocrinology exam committee for the American Board of Internal Medicine.
Michael Lynch, MD, received his undergraduate degree from the University of Notre Dame and graduated from the University of Pittsburgh School of Medicine in 2004. Dr. Lynch went on to complete his residency in Emergency Medicine and fellowship in Medical Toxicology at the University of Pittsburgh. Dr. Lynch works in the Emergency Departments at UPMC Presbyterian and Mercy Hospitals. Additionally, the clinical toxicology service at UPMC is one of the busiest in the country, seeing patients at UPMC Presbyterian, Magee, Mercy, and Shadyside Hospitals as well as Children’s Hospital of Pittsburgh. Dr. Lynch has been the Medical Director at the Pittsburgh Poison Center since 2013 and a consulting toxicologist at the West Virginia poison center since 2009. He has been the Medical Director for Substance Use Disorder Services at the UPMC Health Plan since 2018. Dr. Lynch has been awarded by the DEA for outstanding contributions to DEA’s mission in 2017, received the PA College of Emergency Physicians Physician of the Year Award for 2018, and was recently selected by Secretary of Health and Human Services, Alex Azar, to the Pain Management Best Practices Inter Agency Task Force.

Melissa McNeil, MD, MACP, received her undergraduate degree from Princeton University, her MD degree from the University of Pittsburgh School of Medicine and a Masters of Public Health from the University of Pittsburgh Graduate School of Public Health. She is a Professor of Medicine, Obstetrics, Gynecology and Reproductive Science, and Clinical and Translational Science. Dr. McNeil currently serves as the Associate Chief of the Division of General Internal Medicine and the Vice Chair of Education for the Department of Medicine. She is also the Chief of the Section of Women’s Health within the Division of General Internal. She is an inaugural member of the Academy of Master Educators at the University of Pittsburgh School of Medicine. She has been widely recognized both locally and nationally for her achievements in women’s health and education. From the University of Pittsburgh School of Medicine she has received the Charles Watson Award for Teaching Excellence, the Donald S. Fraley Award for Student Mentoring, the Schuit Award for Master Educator. Most recently she was named the Society of General Internal Medicine’s Distinguished Professor of Women’s Health (2014) and received the Society of General Medicine’s Career Achievement in Medical Education in 2016.
Darilyn Moyer, MD, FACP, is the Executive Vice President and Chief Executive Officer of the American College of Physicians (ACP). Board certified in internal medicine and infectious diseases, Dr. Moyer has been a Fellow of ACP (FACP) since 1995. FACP is an honorary designation that recognizes ongoing individual service and contributions to the practice of medicine. She has served on ACP’s Board of Regents, which manages the business and affairs of ACP and is the main policy-making body of the College, chaired ACP’s Board of Governors, and served as Governor of ACP’s Pennsylvania Southeastern Chapter.

Prior to becoming EVP and CEO, Dr. Moyer was a Professor of Medicine, Executive Vice Chair for Education in the Department of Medicine, Internal Medicine Residency Program Director and Assistant Dean for Graduate Medical Education at Lewis Katz School of Medicine at Temple University. She was previously the Co-Faculty Advisor for the Temple University School of Medicine Internal Medicine Interest Group and for the Temple University School of Medicine Student Educating About Healthcare Policy Group. She received the Temple University School of Medicine Women in Medicine Mentoring Award in 2012.

Dr. Moyer’s research and scholarly activity interests and presentations have been in the areas of medical education, high-value care, patient safety, professionalism and digital media, and HIV/infectious diseases. She received her Bachelor of Arts degree in the Biological Basis of Behavior, Biology and Psychology from the University of Pennsylvania and attended medical school at Temple University School of Medicine. She completed her internal medicine residency at Temple University Hospital and served as a Chief Resident/Clinical Instructor of Medicine. She went on to complete an Infectious Diseases Fellowship at Harbor-UCLA Medical Center in Torrance, CA.

She received her Bachelor of Arts degree in the Biological Basis of Behavior, Biology and Psychology from the University of Pennsylvania and attended medical school at Temple University School of Medicine. She completed her internal medicine residency at Temple University Hospital and served as a Chief Resident/Clinical Instructor of Medicine. She went on to complete an Infectious Diseases Fellowship at Harbor-UCLA Medical Center in Torrance, CA.
Geoffrey Teehan, MD, is a second-generation academic nephrologist who grew up in Rosemont, PA. He attended Boston College as an undergraduate before attending the Thomas Jefferson School of Medicine in Philadelphia, PA. Dr. Teehan completed his Internal Medicine residency at the University of Massachusetts Medical Center and his nephrology fellowship at Tufts where he also obtained a master's degree in Clinical Care Research. Dr. Teehan is the Program Director of the Lankenau Medical Center Nephrology Fellowship program. His academic interests include hypertension, acute kidney injury, end stage renal disease, and anemia. He is married to another physician, is the parent of five children and plays the guitar in his (minimal) spare time.

Jim Withers, MD, FACP, was raised in rural Pennsylvania where he made house calls with his father, a Family Practitioner. Dr. Withers received his undergraduate degree at Haverford College, and completed his medical school training at the University of Pittsburgh in 1984. His interest in service-oriented medicine grew through medical trips to Central America and India. After finishing his medicine and chief residencies at The Mercy Hospital of Pittsburgh, he joined their full-time teaching faculty in the Department of Internal Medicine and holds the position of Assistant Clinical Professor at the University of Pittsburgh School of Medicine. His areas of special interest have been Domestic Violence, International Medicine and Homeless Health Care. In 1992, he dressed as a homeless person and joined a formerly homeless man to visit the street dwellers of Pittsburgh making "house calls" at night. This led to the founding of Operation Safety Net (OSN), one of the first full time, comprehensive medical services of its kind for the unsheltered homeless. Medical care is delivered directly on the streets, along the river banks and in the abandoned buildings of Pittsburgh, with full social service and housing follow-up.

OSN is a unique “classroom of the streets” and serves as a model for reality-based, experiential medical education. It has been recognized internationally and is being replicated or studied by cities throughout the world. In 2005, Dr. Withers established the annual International Street Medicine Symposium (with current partners on six continents) to foster collaboration in the care of those sleeping on the streets. In 2009, Dr. Withers created the Street Medicine Institute to focus on helping communities establish Street Medicine programs, improve existing practice and create a student fellowship in Street Medicine. Dr. Withers enjoys numerous volunteer activities, Board memberships, and medical teaching appointments. He is most proud of the many students who have gone on to careers in service oriented medicine.
Additional Fees
All registrations must be received by November 19, 2018, or a late registration fee of $25 will be added. This includes on-site registrations. Save money by registering now!

CME Accreditation and MOC Points
The American College of Physicians is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The American College of Physicians designates this live activity for a maximum of 5 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 5 medical knowledge MOC points in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credit claimed for the activity. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Going Green
To help us go “green,” we are making our presentations available online only on the Chapter Web site.

Who Should Attend?
- General Internists
- Subspecialty Internists
- Fellows in subspecialty training
- Residents
- Medical Students interested in Internal Medicine
