Achieving Excellence in Patient Care
This educational activity has been designated for 18.5 CME credits.
Dear Colleague,

Join me and your colleagues in internal medicine at the next scientific meeting of the Puerto Rico Chapter of the American College of Physicians, being held Friday, March 8, to Sunday, March 10, 2019, at the La Concha Hotel.

The meeting is a great way for you to recharge, rewind, and reflect with your peers, chapter leaders, and great speakers. Connect with the Puerto Rico Chapter’s rich source of knowledge content and networking by attending our premier meeting for general internists, subspecialty internists, hospitalists, residents, and medical students.

In addition to earning CME credits, this conference is about making personal contacts and getting involved in your chapter. You’ll engage with people who know your challenges and can help you find solutions. The opportunities available at this meeting will help you meet not only your needs as a physician, but also the needs of the patients you serve.

To ensure your place at this invaluable meeting, register now by visiting us online at prchapter.acponline.org.

I look forward to seeing you in San Juan.

Sincerely,

Myriam Z. Allende, MD, FACP
ACP Governor, Puerto Rico Chapter
