Dear Colleague,

Join me and your colleagues in internal medicine at our very first Virtual Annual Fall Scientific Meeting of the Michigan Chapter of the American College of Physicians, being held Thursday, October 15, through Sunday, October 18, VIRTUALLY for the first time.

A lot of work has gone into putting together all the great elements of our in-person meeting in a virtual format. The program Co-Chairs have worked to be able to bring to you the full scope of learning sessions that you have come to expect from your Chapter. Even in this format for Michigan Chapter members, the meeting is a great way for you to recharge, rewind, and reflect with your peers, Chapter leaders, and great speakers. You can connect with the Michigan Chapter’s rich source of knowledge content and networking by virtually attending our premier meeting for general internists, subspecialty internists, hospitalists, allied health practitioners, residents, and medical students.

We also welcome our continued collaboration with the Michigan Chapter of the Society of Hospital Medicine at this meeting!

To ensure your place at this invaluable meeting, register now by visiting us online at michapter.acponline.org.

I look forward to seeing you via Zoom!

Sincerely,

Martha Gray, MD, FACP
