## **American College of Physicians 2020 Fellows Portraits**

Congratulations on becoming a Fellow of the American College of Physicians. We at Lifetouch are proud to help you capture this moment in your career, and want to offer you an opportunity to have your family share this special time with you. In addition to photographing you for a Fellows portrait, we will be happy to photograph you with members of your family as a group or individually.

Prestige Portraits by Lifetouch has over fifty years' experience in photographing individuals and families. You will be proud to display our professionally finished portraits in your home or office, and to present them as gifts to special friends and family members.

During the 2020 Internal Medicine Meeting of the ACP in the Los Angeles, California Convention Center Fellows portraits will be available in our on-site studio. We will have various sizes of regalia available for your photo session, as well as personnel available to help with robing. If you are planning to be photographed with family members, we recommend that they coordinate their clothing. When choosing clothing for family members, we recommend darker or vivid colors rather than pastel or light tones, solids rather than prints and long sleeves. Remember that the ACP gowns are solid black.

To allow more time for your portrait sitting, you may schedule your appointment in advance by logging onto [www.ouryear.com](http://www.ouryear.com) to avoid long lines. Your school code is **87216**. We would encourage you to schedule your appointment in advance. Photos will be taken on Thursday, April 23<sup>rd</sup> from at 9:30am to 8:00pm and Friday, April 24<sup>th</sup> from 10:00am till 12:00pm in the Los Angeles, California Convention Center Hall A Lobby.
