

# 2022

## Proficiency Testing Catalog

Approved by: CMS, COLA, TJC, U.S. State Agencies and  
International regulatory bodies.

## AT A GLANCE

### Expert Customer Service

Enjoy the best-in-class customer service experience with personalized care to support you from module selection to result evaluation.

#### What you can expect:

- Response to your call within two hours (during standard business hours)
- Help in choosing test modules
- Verification of orders within one week

### Contact Information

**p:** 800-234-5315, option 3 (M-F, 9 a.m.- 5 p.m. ET)  
**e:** mle@aab-mle.org  
**f:** 202-835-0440  
**w:** aab-mle.org

### Enrollment/Renewal of Proficiency Testing

Enroll early to ensure the availability of specimens for the 2022 program year. Once we process your order, you will be mailed an order verification for your review and signature.

### How to Order

#### Online

- Visit [aab-mle.org](http://aab-mle.org) and click on the "Enrollment Information" link. Complete the appropriate electronic order form to automatically calculate pricing and receive your order summary.

#### MLE PT Order Form

- Detach the order form on page 35, complete it and fax it. (If submitting a purchase order, please include it with your order form.)

### Making a Payment

Enrollments received by renewal form or order form will be invoiced within one week of activation. Auto Renewals will be invoiced in early October. Invoices are due within 30 days. Payment options include credit card (Mastercard or Visa), purchase order, or check. Overdue accounts are subject to holds and/or cancellations.

### Off-Schedule/Reinstatement Testing

Provides laboratories with an option for immediate, on-demand proficiency testing, a complement to the regular scheduled proficiency testing. For more details on this service, see page 2.

# Table of Contents

## How to Order

- 2 Ordering

## Module Descriptions & Test Index

- 3 Hematology
- 6 Coagulation
- 7 Blood Bank
- 8 Provider-Performed Microscopy
- 9 Urinalysis & Occult Blood
- 11 Waived Testing Packages
- 12 Microbiology
- 18 Immunology
- 21 Chemistry
- 29 SARS-CoV-2
- 31 Test Index

## Other Products & Services

- 30 Supplies & E-notification Services
- 30 Continuing Education & Publication

## Ordering and Discounts

- 34 Price List
- 35 Proficiency Testing Order Form

## Save Money! Price Matching for Unmatched Service.

Found a lower price? We'll match it! Complete the MLE Price Match Request Form online, listing only the tests you actually perform. If our prices aren't the lowest, we'll match our competitor's quote for the same total test menu coverage.

See Inside Back Cover for MLE Discount OFFERS.

## Ordering Information

MLE accepts enrollments throughout the year. Order early to ensure product specimen availability. If you are enrolling for the entire 2022 program, you should order by December 10, 2021 to ensure product specimen availability. You may enroll anytime during the program year depending on specimen availability at a prorated price.

Please call or email the MLE PT team for a quote or help selecting the appropriate modules for your laboratory.

- Phone: 800-234-5315, option 3
- Email: mle@aab-mle.org

## How To Order

- Online at aab-mle.org
- Fax the completed order form included here (w/ PO if applicable) to: 202-835-0440

## Next Steps

**Order Verification:** MLE will process your order and send you an Order Verification within one week for your review. Contact MLE for any corrections.

**Invoice:** Your invoice will follow within two weeks. Invoices may be paid by check, VISA or Mastercard. Billing terms are net 30 days.  
Tax ID: 94-6114214  
DUNS NO: 175337740

**Non-Continental U.S. Orders:** An additional \$30 fee will be added per shipment (\$90 annually), Alaska and Hawaii excluded.

**Single Module Orders:** An additional \$20 shipping fee will be added per shipment (\$60 annually).

**NOTE:** Overdue accounts are subject to holds and/or cancellations.

## Automatic Renewal

Activate Automatic Renewal to ensure uninterrupted yearly enrollment. Prior to the next program year, you will receive an Order Verification for review in late summer and your annual invoice in October. You may make any changes at this time.

## Order Changes and Cancellations

All order changes/cancellations/additions must be made in writing. To avoid additional costs, MLE must be notified at least 4 weeks prior to the affected shipment date.

**Module additions:** Modules may be added throughout the year, depending on availability, at least 4 weeks prior to the next shipment at no additional cost. After that time, an additional shipping fee will apply.

**Module cancellations:** Modules may be cancelled throughout the year. Cancellation requests received at least 4 weeks prior to the next shipment will be prorated. After that time, we will only be able to cancel any remaining shipments and you will be financially responsible for the uncanceled shipment.

**Analyte cancellation:** To cancel an analyte(s), submit a Test Menu Deletion Form available on the MLE web site.

**Entire order cancellation:** Order cancellations may be made at any time. Written cancellations must be received at least 4 weeks prior to the next shipment to receive a refund for that and subsequent shipments, if applicable. The annual administration fee is non-refundable.

**Automatic Renewal order cancellation:** Written notification must be received no later than December 10, 2021 to avoid any charges for the upcoming year.

Failure to return the Order Verification form and/or not paying your invoice are NOT indications of cancellation. Notification must be submitted in writing.

## Off-Schedule Proficiency Testing

Off-schedule proficiency testing (PT) provides laboratories with immediate, on-demand, customized proficiency testing for **reinstatement or remedial purposes**; a complement to the regularly scheduled PT program.

### Who Needs Off-Schedule Testing?

- Laboratories with unsuccessful performance for two out of three regular testing events may be required to perform off-schedule PT to lift a "cease-testing" order from their regulatory or accrediting agency. In these cases, two acceptable proficiency performances may be required for the lab to resume testing patients.
- Some laboratories use off-schedule PT to verify that corrective actions were effective. This service is available to every laboratory, regardless of MLE enrollment status.

Contact MLE Customer Service for information on cost and availability at 800-234-5315, option 3, or e-mail us at mle@aab-mle.org.

# Hematology

Pay close attention to instrument compatibility notes when selecting hematology modules. Questions? Contact MLE Customer Service. See the "Hematology Instrument List" online at [aab-mle.org](http://aab-mle.org) in the Enrollment Information & Forms section.

## 210 Hematology Module.....\$279

**Five challenges each.**

Blood Cell Identification	Platelet Count
Hematocrit	Red Blood Cell Count
Hemoglobin	White Blood Cell Count

## 212 Hemoglobin/Hematocrit/WBC.....\$237

**Five challenges each.**

## 213 Hemoglobin/Hematocrit–Waived.....\$177

For waived methods only.

**Two challenges each.**

## 215 Hemoglobin/Glucose.....\$195

For HemoCue only.

**Two challenges each.**

## 223 Hematology with 5-part Differential.....\$372

Compatible with most Abbott CELL-DYN 5-part differential instruments only.

**Five challenges each.**

Automated Differential	Platelet Count
Hematocrit	Red Blood Cell Count
Hemoglobin	White Blood Cell Count

## 224 Sysmex with 3-part Differential.....\$330

Compatible with Sysmex 3-part automated differential instruments only.

**Five challenges each.**

Automated Differential	Platelet Count
Hematocrit	Red Blood Cell Count
Hemoglobin	White Blood Cell Count

*Continued on next page*

## Hematology (*continued*)

### 225 Hematology with 3-part Differential.....\$321

Compatible with most 3-part differential instruments EXCEPT Sysmex (see 224).

**Five challenges each.**

Automated Differential	Platelet Count
Hematocrit	Red Blood Cell Count
Hemoglobin	White Blood Cell Count

### 226 Hematology with 5-part Differential.....\$372

Compatible with most Beckman-Coulter 5-part differential instruments EXCEPT for the AcT 5diff (see 228).

**Five challenges each.**

Automated Differential	Platelet Count
Hematocrit	Red Blood Cell Count
Hemoglobin	White Blood Cell Count

### 228 Hematology with 5-part Differential.....\$372

Compatible with Beckman Coulter AcT 5diff and ABX Pentra 5-part differential instruments.

**Five challenges each.**

Automated Differential	Platelet Count
Hematocrit	Red Blood Cell Count
Hemoglobin	White Blood Cell Count

### 229 Sysmex Hematology with 5 or 6-part Differential.....\$372

Compatible with most Sysmex 5 or 6 part differential instruments only.

**Five challenges each.**

Automated Differential	Platelet Count
Hematocrit	Red Blood Cell Count
Hemoglobin	White Blood Cell Count
Immature Granulocytes	

*Continued on next page*

## Hematology (*continued*)

**231 Blood Cell Identification.....\$138**

Stand-alone module.

**Five challenges consisting of color photographs.**

**230 Blood Cell Identification (Add-On).....\$48**

Same as 231. Only available with 223 through 229.

**240 Reticulocyte Count.....\$243**

Compatible with automated and manual reticulocyte counting methods. Not for use with brilliant cresyl blue staining methods.

**Two challenges.**

**247 Sedimentation Rate.....\$195**

Not for use with Sedimat 15 / 15 Plus.

Not compatible with Alcor ISED.

**Two challenges.**

**248 Sedimat 15 ESR.....\$195**

Compatible with the Polymedco Sedimat 15 / 15 Plus instruments only.

**Two challenges.**

**250 Fluid Cell Count/Crystals.....\$231**

Fluid for Hemocytometer cell count and color photographs for identification of crystals.

**Two challenges each.**

Crystal Screening

RBC Count

WBC Count

## Coagulation

**320 Coagulation Module.....\$228**

Requires 1 mL pipette (see item 121 on page 30).

**Five challenges each.**

Fibrinogen

INR

Partial Thromboplastin Time

Prothrombin Time

**324 Roche CoaguChek XS INR–Waived.....\$213**

Not for use with CoaguChek XS Plus/Pro. (see 331)

**Two challenges.**

INR

**328 i-STAT Prothrombin Time.....\$369**

Compatible with the i-STAT instruments only.

**Five challenges each.**

INR

Prothrombin Time

**330 CoaguChek XS Plus/Pro PT/INR.....\$321**

For CoaguChek XS Plus/Pro only.

**Five challenges each.**

INR

Prothrombin Time

**331 CoaguChek XS Plus/Pro PT/INR–Waived.....\$213**

For CoaguChek XS Plus/Pro only.

**Two challenges each.**

INR

Prothrombin Time

## Blood Bank

**451 ABO & Rh Factor (D Type).....\$309**

Not for use with slide methods.

**Five challenges each.**

**452 Blood Bank.....\$414**

Not for use with slide methods.

**Five challenges each.**

ABO Group

Rh Factor (D Type)

Unexpected Antibody Detection

**453 Blood Bank 2.....\$444**

Not for use with slide methods.

**Five challenges each.**

ABO Group

Antibody Identification

Compatibility Testing (Crossmatch)

Rh Factor (D Type)

Unexpected Antibody Detection

## Provider-Performed Microscopy

**534 Provider-Performed Microscopy (PPM).....\$141**

Color photographs depicting microscopic fields for the examination of:

Fecal Leukocytes (M2,M3)

Fern Testing (M1,M3)

Nasal Eosinophils (M1,M2,M3)

Pinworms (M1,M2)

Scabies (M1,M2)

Sperm (M2,M3)

Vaginal KOH Preparations (M1,M3)

Vaginal Wet Mount Preparations (M1,M2,M3)

**Six challenges total per shipment as indicated in parentheses above.**

**535 Provider-Performed Microscopy (PPM) (Add-On).....\$45**

Same as 534. Only available with 530, 531, 532.

**538 KOH Slides.....\$183**

Two fixed glass slides for determining the presence or absence of fungal elements in skin scrapings.

**Two challenges.**

## Urinalysis & Occult Blood

### 530 Urinalysis Module.....\$138

One challenge each unless otherwise noted in parentheses.

Bilirubin	Nitrite
Blood/Hemoglobin	pH
Glucose	Protein
Ketones	Specific Gravity
Leukocyte Esterase	Urobilinogen
Microalbumin (dipstick)	Urine Sediment Identification (2)

### 531 Urinalysis Module.....\$114

hCG not included.

One challenge each.

Bilirubin	Nitrite
Blood/Hemoglobin	pH
Glucose	Protein
Ketones	Specific Gravity
Leukocyte Esterase	Urobilinogen
Microalbumin (dipstick)	

### 541 Urine hCG.....\$105

Stand-alone module.

One challenge.

### 540 Urine hCG (Add On).....\$30

Same as 541. Only available with 530, 531.

*Continued on next page*

## Urinalysis & Occult Blood (*continued*)

**532 Urine Sediment Identification.....\$129**

Two challenges consisting of photographs.

**533 Urine Sediment Identification (Add-On).....\$36**

Same as 532. Only available with 531, 534.

**539 Urine Microalbumin/Creatinine.....\$138**

Stand-alone module.

Compatible with quantitative and semi-quantitative (dipstick) methods.

**One challenge each.**

**536 Urine Microalbumin/Creatinine (Add-On).....\$96**

Same as 539. Only available with 530, 531.

**542 Fecal Occult Blood.....\$132**

Stand-alone module.

**Two challenges.**

**537 Fecal Occult Blood (Add-On).....\$93**

Same as 542. Only available with 530, 531.

## Waived Testing Packages

### Waived Testing—The Importance of Performing Proficiency Testing

Tests classified as “waived” are exempt from most federal regulations, including PT requirements. Many labs choose to participate in PT however, to ensure the quality of their patient testing. Performing PT provides an excellent indicator of the accuracy and reliability of your waived test results. In addition, some states, third-party payers and other regulators require proficiency testing to be performed, even for CLIA-waived procedures. MLE offers economical waived order options designed for the needs of the waived testing laboratory.

#### 901 Waived and PPM Package.....\$333

##### Number of challenges noted in parentheses.

Fecal Occult Blood (2)	Urinalysis (1)
Hemoglobin (2)	Urine hCG (1)
Hematocrit (2)	Urine Sediment (2)
PPM (6)	Whole Blood Glucose (2)
Strep A Antigen Detection (2)	

#### 902 Basic Waived and PPM Package.....\$291

##### Number of challenges noted in parentheses.

Fecal Occult Blood (2)	Urinalysis (1)
PPM (6)	Urine hCG (1)
Strep A Antigen Detection (2)	Urine Sediment (2)
	Whole Blood Glucose (2)

# Microbiology

- Federal law requires a minimum of five CMS regulated (non-waived methods) bacteriology challenges per shipment. Individual state laws may differ. When enrolling, ensure your order meets the requirement that is the more stringent of the two. The number of challenges is noted in parentheses.
- All urine culture specimens are suitable for presumptive identification and/or definitive identification.

**Note:** The specimens included may contain dangerous pathogens and must be treated with extreme care. These specimens must be handled and disposed of only by personnel trained to work with pathogenic microorganism.

## Bacteriology

### 630 Bacteriology 1.....\$351

Six cultures per shipment consisting of the following:

- Antimicrobial Susceptibility Testing (1)
- Genital Culture (1)
- Gram Stain (2)
- Gram Stain Morphology (2)
- Miscellaneous Culture (3) \*
- Throat Culture (1)
- Urine Culture (1)

\*Possible sources include: Blood, CSF, Ear, Eye, Sputum, Stool, Wound.

### 640 Bacteriology 2.....\$333

- Antimicrobial Susceptibility Testing (1)
- Genital Culture (1)
- Gram Stain (2)
- Gram Stain Morphology (2)
- Strep A Antigen Detection (1)
- Throat Culture (2)
- Urine Culture (2)

*Continued on next page*

## Microbiology (continued)

**643 Urine Culture.....\$324**

Antimicrobial Susceptibility Testing (1)  
 Gram Stain (1)  
 Gram Stain Morphology (1)  
 Urine Culture (5)

**647 Urine Presumptive ID/Colony Count.....\$363**

Best suited for paddle-dipping methods.

Antimicrobial Susceptibility Testing (1)  
 Colony Count (2)  
 Gram Stain (1)  
 Gram Stain Morphology (1)  
 Urine Presumptive Identification (5)

**648 Colony Count.....\$228**

**Colony Count does not contribute to the minimum of five bacteriology challenges.**

No presumptive identification may be submitted for this module.

**Two challenges.**

**653 Genital/Urine Culture.....\$327**

Antimicrobial Susceptibility Testing (1)  
 Genital Culture (3)  
 Gram Stain (2)  
 Gram Stain Morphology (2)  
 Urine Culture (2)

**646 Genital Culture.....\$324**

Gram Stain (1)  
 Gram Stain Morphology (1)  
 Genital Culture (5)

*Continued on next page*

## Microbiology (*continued*)

**645 Urine/Throat Culture.....\$327**

Antimicrobial Susceptibility Testing (1)  
 Gram Stain (1)  
 Gram Stain Morphology (1)  
 Throat Culture (2)  
 Urine Culture (3)

**652 Urine Presumptive ID/Throat Culture.....\$363**

Best suited for urine paddle-dipping methods.

Antimicrobial Susceptibility Testing (1)  
 Colony Count (2)  
 Gram Stain (1)  
 Gram Stain Morphology (1)  
 Urine Presumptive Identification (2)  
 Throat Culture (3)

**641 Throat Culture.....\$324**

Not suitable for Strep A kits.

**Five challenges.**

**660 Strep A Antigen Detection.....\$201**

Not suitable for culture.

**Five challenges.**

**662 Strep A Antigen Detection—Waived.....\$132**

For waived Strep A Antigen Detection kits only.

**Two challenges.**

**650 Gram Stain.....\$204**

Five fixed glass slides.

**Five challenges each.**

Gram Stain                      Gram Stain Morphology

*Continued on next page*

## Microbiology (continued)

**651 Miscellaneous Cultures (Add-On).....\$189**

Only available with 640 through 647, 652, 653.

Miscellaneous Culture (3)

Possible sources include: Blood, CSF, Ear, Eye, Sputum, Stool, Wound.

**695 MRSA Culture.....\$297**

Screening for the presence or absence of methicillin-resistant *Staphylococcus aureus* only.

**Five challenges.**

**686 Legionella Antigen Detection.....\$261**

For use with Binax NOW Legionella Urinary Antigen Detection kits only.

**Five challenges.**

**687 Streptococcus pneumoniae Antigen Detection.....\$267**

For use with Binax NOW *Streptococcus pneumoniae* Urinary Antigen Detection kit only.

**Five challenges.**

**682 C. difficile/Rotavirus Antigen Detection.....\$291**

**Five challenges each.**

C. difficile                      Rotavirus

**675 Chlamydia/GC (EIA, DNA).....\$378**

**Five challenges each.**

Chlamydia trachomatis              Neisseria gonorrhoeae

**673 Chlamydia/GC (EIA, DNA)–Add-On.....\$189**

Same as 675. Only available with 630 through 647, 652, 653.

**Two challenges each.**

*Continued on next page*

## Microbiology (*continued*)

**668 Affirm VP III (DNA).....\$399**

**Five challenges each.**

Candida sp.

Trichomonas vaginalis

Gardnerella vaginalis

**692 Bacterial Vaginosis–Waived.....\$192**

For Sekisui OSOM BVBlue Test

**Two challenges.**

Bacterial Vaginosis Screen

**693 Trichomonas vaginalis–Waived.....\$192**

For Sekisui OSOM Trichomonas Rapid Test

**Two challenges.**

Trichomonas vaginalis

### Mycology

**678 Dermatophyte Culture.....\$282**

**Five challenges.**

**538 KOH Slides.....\$183**

Two fixed glass slides for determining the presence or absence of fungal elements in skin scrapings.

**Two challenges.**

*Continued on next page*

## Microbiology (continued)

### Parasitology

**683 Cryptosporidium/Giardia lamblia Antigen Detection.....\$342**

**Five challenges each.**

Cryptosporidium  
Giardia lamblia

**690 PVA Slides (Add On).....\$180**

Only available with 691. Zinc polyvinyl alcohol fixed glass slides for the identification of fecal parasites.

**Two challenges.**

**691 Parasitology.....\$345**

Number of challenges noted in parentheses.

Fecal Suspension (4)  
Blood Smear (1)

### Virology

**681 Respiratory Antigen Detection.....\$321**

**Five challenges each.**

Influenza A                      RSV  
Influenza B

**680 Respiratory Antigen Detection—Waived.....\$213**

For waived kits only.

**Two challenges each.**

Influenza A                      RSV  
Influenza B

## Immunology

**750 Immunology Module.....\$333**

**Five challenges each.**

Anti-Streptolysin O (ASO)  
 Infectious Mononucleosis  
 Rheumatoid Factor

**761 Infectious Mononucleosis/Rheumatoid Factor.....\$315**

**Five challenges each.**

**762 Infectious Mononucleosis.....\$213**

**Five challenges.**

**755 Infectious Mononucleosis–Waived.....\$135**

For waived Infectious Mononucleosis kits only.

**Two challenges.**

**751 Rheumatology Module.....\$252**

Number of challenges noted in parentheses.

C-Reactive Protein (2) (Not for high-sensitivity methods)  
 Rheumatoid Factor (5)

**763 Rheumatoid Factor.....\$207**

For IgG methods only.

**Five challenges.**

**764 C-Reactive Protein (CRP).....\$129**

Not for high-sensitivity methods (see 765).

**Two challenges.**

*Continued on next page*

## Immunology (*continued*)

**776 C-Reactive Protein (CRP)–Add-On.....\$63**

Not for high-sensitivity methods. (see 777)  
Same as 764. Only available with 750.

**765 High-Sensitivity C-Reactive Protein (HS-CRP).....\$138**

**Two challenges.**

**777 High-Sensitivity C-Reactive Protein (HS-CRP)–Add-On.....\$69**

Same as 765. Only available with 750 and 751.

**782 ANA Panel.....\$291**

**Five challenges each.**

ANA	Anti-SSA
Anti-dsDNA	Anti-SSA/SSB
Anti-RNP	Anti-SSB
Anti-RNP/Sm	Anti-Sm

**783 ANA Panel (Add-On).....\$222**

Same as 782. Only available with 750 and 751.

**784 Complement/Immunoglobulins.....\$249**

**Five challenges each.**

Complement C3	IgG, Total
Complement C4	IgM, Total
IgA, Total	

**771 Rubella.....\$207**

For IgG methods only.

**Five challenges.**

**780 H. pylori Antibody Detection.....\$180**

**Two challenges.**

*Continued on next page*

## Immunology (continued)

**781 Mycoplasma Antibody Detection.....\$171**

Two challenges.

**772 Syphilis Serology.....\$228**

Five challenges each.

MHA-TP     RPR  
TPA           VDRL

**775 Viral Markers.....\$495**

Five challenges each.

Anti-HAV (IgM)             Anti-HCV  
Anti-HAV (Total/IgG)     Anti-HIV  
Anti-HBc (IgM)             HBeAg  
Anti-HBc (Total/IgG)     HBsAg  
Anti-HBs

**791 Anti-HIV.....\$309**

Five challenges.

**790 Anti-HIV–Waived.....\$183**

For waived HIV kits only.

Two challenges.

**770 Specific Allergen Testing.....\$369**

Number of challenges noted in parentheses. Includes 2 sets of samples for large volume requirements. Does not include Total IgE.

Allergen Specific IgE (14)

**773 Diagnostic Allergy.....\$369**

Number of challenges noted in parentheses.

Allergen Specific IgE (14)  
Total IgE (5)

## Chemistry

Pay close attention to instrument compatibility notes when selecting any of the chemistry modules.

If you need any assistance, call MLE Customer Service at 800-234-5315, option 3, or e-mail us at [mle@aab-mle.org](mailto:mle@aab-mle.org).

### 810 Chemistry Module.....\$384

**Five challenges each.**

Albumin	Glucose
Alkaline Phosphatase	Iron
Alpha-fetoprotein	Lactate (Lactic Acid)
ALT (SGPT)	LDH
Amylase	Lipase
AST (SGOT)	Magnesium
Bilirubin, Direct	Phosphorus
Bilirubin, Total	Potassium
Calcium	Protein, Total
Chloride	Sodium
Cholesterol, HDL	T3 Uptake
Cholesterol, LDL - Calc	Thyroxine (T4)
Cholesterol, LDL - Direct	TIBC - Calc
Cholesterol, Total	TIBC - Direct
CO2	Triglyceride
Cortisol	Triiodothyronine (T3)
Creatine Kinase (CK)	TSH
Creatinine	UIBC- Direct
Free T3	Urea Nitrogen
Free Thyroxine (T4)	Uric Acid
GGT	

*Continued on next page*

Chemistry (*continued*)**813 Comprehensive Metabolic Panel.....\$309****Five challenges each.**

Albumin	Lactate (Lactic Acid)
Alkaline Phosphatase	Magnesium
ALT (SGPT)	Phosphorus
AST (SGOT)	Potassium
Bilirubin, Direct	Protein, Total
Bilirubin, Total	Sodium
Calcium	TIBC - Calc
Chloride	TIBC - Direct
CO <sub>2</sub>	UIBC - Direct
Creatinine	Urea Nitrogen
Glucose	Uric Acid
Iron	

**812 Waived Chemistry Panel.....\$234****Two challenges each.**

Albumin	Creatine Kinase (CK)
Alkaline Phosphatase	Creatinine
ALT (SGPT)	GGT
Amylase	Glucose
AST (SGOT)	Phosphorus
Bilirubin, Total	Potassium
Calcium	Protein, Total
Chloride	Sodium
Cholesterol, HDL	Triglyceride
Cholesterol, LDL-Cal	Urea Nitrogen
Cholesterol, Total	Uric Acid
CO <sub>2</sub>	

**833 Waived Chemistry Panel (Add-On).....\$81**

Same as 812. Only available with 824.

*Continued on next page*

## Chemistry (*continued*)

### 824 Thyroid Profile.....\$258

**Five challenges each.**

Alpha-fetoprotein	Thyroxine (T4)
Cortisol	Thyroxine (T4), Free
T3, Free	Triiodothyronine (T3)
T3 Uptake	TSH

### 841 Neonatal Bilirubin.....\$243

**Five challenges each.**

Bilirubin, Direct	Bilirubin, Total
-------------------	------------------

### 826 Lipid Profile.....\$246

**Five challenges each.**

Cholesterol, HDL
Cholesterol, LDL - Calc
Cholesterol, LDL - Direct
Cholesterol, Total
Triglyceride

### 811 Lipid Panel/Glucose—Waived.....\$192

For waived testing ONLY.

**Two challenges each.**

Cholesterol, LDL - Calculated
Cholesterol, HDL
Cholesterol, Total
Glucose
Triglyceride

*Continued on next page*

Chemistry (*continued*)

## 817 i-STAT Chemistry 1.....\$390

**Five challenges each.**

Calcium, Ionized	pCO <sub>2</sub>
Chloride	pH
Creatinine	pO <sub>2</sub>
Glucose	Potassium
Hematocrit	Sodium
Hemoglobin	tCO <sub>2</sub>
Lactate	Urea Nitrogen

## 818 i-STAT Chemistry 2.....\$270

**Five challenges each.**

Calcium, Ionized	Hemoglobin
Chloride	Potassium
Creatinine	Sodium
Glucose	tCO <sub>2</sub>
Hematocrit	Urea Nitrogen

## 832 i-STAT Chemistry—Waived.....\$195

**Two challenges each.**

Calcium, Ionized	Hemoglobin
Chloride	Potassium
Creatinine	Sodium
Glucose	tCO <sub>2</sub>
Hematocrit	Urea Nitrogen

## 847 Blood Gases.....\$324

Compatible with the i-STAT analyzer as well as other blood gas instruments.

**Five challenges each.**

Chloride	pH
Calcium, Ionized	pO <sub>2</sub>
Lactate	Potassium
pCO <sub>2</sub>	Sodium

*Continued on next page*

## Chemistry (*continued*)

**831 Therapeutic Drugs (Add-On).....\$66**

Only available with 810.

**Five challenges each.**

Acetaminophen	Phenytoin
Carbamazepine	Salicylate
Digoxin	Theophylline
Gentamicin	Valproic Acid
Lithium	Vancomycin
Phenobarbital	

**835 Serum Alcohol/Acetone.....\$252**

Five challenges each.

**836 Ammonia.....\$180**

Two challenges.

**838 Blood Lead—Waived.....\$222**

Two challenges.

**845 Cardiac Markers.....\$333**

Five challenges each. **Quantitative only.**

BNP	NT-proBNP
CK-MB	Troponin I
D-Dimer	Troponin T
Myoglobin	

**846 BNP/D-Dimer.....\$237**

Two challenges each.

BNP	NT-proBNP
D-Dimer	

*Continued on next page*

## Chemistry (*continued*)

### 860 Endocrinology/Hematology/Oncology.....\$249

**Two challenges each.**

CEA	LH
DHEA-S	Prealbumin
Estradiol	Progesterone
Ferritin	Prolactin
Folate	Testosterone
FSH	Transferrin
Homocysteine	Vitamin B12

### 863 Endocrinology 2.....\$219

Lyophilized samples.

**Two challenges each.**

C-Peptide  
 Insulin  
 Parathyroid Hormone, Intact (PTH)  
 Vitamin D, 25-Hydroxy

### 854 SHBG/Testosterone.....\$342

Lyophilized samples.

**Two challenges each.**

Sex Hormone Binding Globulin  
 Testosterone  
 Testosterone, Bioavailable  
 Testosterone, Free

### 861 PSA.....\$156

**Two challenges.**

### 859 PSA (Add-On).....\$69

Same as 861. Only available with 860.

### 865 Serum hCG.....\$198

**Five challenges.**

*Continued on next page*

## Chemistry (*continued*)

**866 Serum hCG (Add-On).....\$99**

Same as 865. Only available with 810, 813, 817, 818, 824, 826.

**862 Tumor Markers.....\$399**

**Two challenges each.**

Beta (β)-2 Microglobulin	CEA
CA 125	PSA
CA 15-3	PSA, Free
CA 19-9	Thyroglobulin
CA 27/29	

**864 Thyroid Antibodies.....\$261**

**Two challenges each.**

Thyroglobulin Antibody  
Thyroid Peroxidase Antibody (TPO)

**850 Glycohemoglobin.....\$210**

Not compatible with Afinion analyzer.

**Two challenges.**

**851 Afinion Glycohemoglobin.....\$225**

**Two challenges.**

**870 Whole Blood Glucose.....\$282**

**Five challenges.**

**871 Whole Blood Glucose—Waived.....\$180**

**Two challenges.**

*Continued on next page*

Chemistry (*continued*)

## 872 Urine Chemistry.....\$249

**Two challenges each.**

Amylase	Phosphorus
Calcium	Potassium
Chloride	Protein, Total
Creatinine	Sodium
Glucose	Urea Nitrogen
Magnesium	Uric Acid
Osmolality	

## 868 Urine Drug Screen.....\$240

**Two challenges -10 mL each.**

For the qualitative detection of drugs in urine. Each challenge will include one or more of the following:

Acetaminophen	LSD
Amphetamines	MDMA
Amphetamines/ Methamphetamines	Meperidine
Barbiturates	Methadone
Benzodiazepines	Methamphetamines
Buprenorphine	Methanol
Cannabinoids (THC)	Methaqualone
Carisoprodol	6-Monoacetylmorphine
Cocaine Metabolites	Opiates (Morphine Trihydrate)
Cotinine	Oxycodone
EDDP	Phencyclidine
Ethanol (Alcohol)	Propoxyphene
Fentanyl	Tramadol
Hydrocodone	Tricyclic Antidepressants
	Zolpidem

*Continued on next page*

## Chemistry (*continued*)

**873 Ethyl Glucuronide (EtG) (Add-On).....\$78**

Only available with 868.

**Two challenges.**

**874 Adulterated Urine (Add-On).....\$93**

Only available with 868.

Compatible with quantitative and semi-quantitative (dipstick) methods.

**Two challenges each.**

Creatinine

Nitrite

Oxidants

Specific Gravity

## SARS-CoV-2

**688 SARS-CoV-2 Antigen Detection.....\$321**

**Two challenges.**

**689 SARS-CoV-2 Molecular Detection.....\$345**

**Two challenges.**

**792 SARS-CoV-2 Serology.....\$300**

**Two challenges.**

## Other Products & Services

### Supplies

<b>108 MLE Program Binder</b> .....	<b>\$15</b>
<b>121 Pipette - 1mL</b> .....	<b>\$25</b>
Reusable Class A volumetric pipette.	
<b>126 Pipette Pump</b> .....	<b>\$45</b>
For use with product 121 above.	

### E-notification Service

A value-added service to enhance the quality and safety of patient care. The e-mail notification service will provide Class I and Class II recall information and field corrections pertaining to waived test devices. Class I recalls are those that have a “probable risk of harm or death” to a patient if the items remain in use. Class II recalls have a “significant risk of harm” to a patient if they remain in use.

In addition to the recall e-notification service, MLE provides:

- Notification of changes or additions to the CMS list of waived laboratory tests.
- A wide array of cost-saving Waived Testing Modules for continued quality assurance at a lower cost.
- A reminder prompt for notifications involving Microbiology tests, to ensure regulatory compliance for any remaining non-waived analytes.

To receive “E-Notify on Waived Tests” and the “Recalls and Field Corrections: Devices—Class I and Class II” report, send an e-mail to [mle@aab-mle.org](mailto:mle@aab-mle.org) and request to be added to the recipient list. In the e-mail request, be sure to include your MLE ID number.

### Continuing Education

<b>MLE CEexpress</b> .....	<b>FREE</b>
----------------------------	-------------

MLE CEexpress courses are provided free of charge to MLE participants. Call MLE at 800-234-5315, option 3 or e-mail us at [mle@aab-mle.org](mailto:mle@aab-mle.org) to learn more.

### Publications

<b>142 National Intelligence Report Subscription</b> .....	<b>\$240</b>
--	--------------

Monthly newsletter covering government policy for diagnostic testing and related medical services.
